Professional Profile

Digital marketer with a background in journalism and hands-on experience in social media management, content planning, copywriting and Facebook advertising. Manages Pagomba Imaging Centre's digital presence and brings television production experience from Zimpapers Television Network. Combines audience-focused storytelling, brand consistency and performance review to support campaigns and audience engagement.

Core Skills

Social media management • Content calendars • Copywriting and multimedia content • Campaign planning • Audience research • Brand consistency • Facebook advertising • Performance analysis • Client and stakeholder coordination

Professional Experience

Digital Marketer | Pagomba Imaging Centre

Remote | November 2024 - Present

- Manage social media strategy and digital content, adapting service information into clear, audience-focused messaging.
- Develop monthly content calendars and write captions to support publishing schedules, service awareness and engagement.
- Create branded Canva graphics and educational campaigns covering pregnancy, women's health and men's health.
- Run Facebook advertising campaigns and review analytics to assess performance and inform content and campaign decisions.
- Use AI tools to support content production while maintaining brand quality and consistency.

Content Producer / CG Operator / News Writer | Zimpapers Television Network

January 2023 - December 2025

- Researched, scripted and produced documentaries, podcasts, television and social media content.
- Coordinated productions with clients and stakeholders to deliver content against creative briefs and deadlines.
- Designed promotional graphics and sponsorship visuals, and managed production schedules.

Education and Practical Training

Digital Marketing Bootcamp | Uncommon.org | Completed

- Developed social media, SEO, email and paid media campaigns for business case studies, using audience personas and customer journey maps.
- Reviewed Google Analytics data; conducted keyword research, on-page SEO work and a website audit using SEMrush.

BA Journalism and Media Studies | University of Zimbabwe | 2018 - 2022

Additional Training and Tools

Coursera: Fundamentals of Digital Marketing, Google Analytics, Email Marketing, Social Media Marketing and Search Engine Optimization.

Tools: Canva, CapCut, Meta Ads, Google Ads, Google Analytics and SEMrush.

Languages: Shona (fluent) and English (intermediate).
